RE+ VIVO ANTI-HAIR LOSS TREATMENT KIT

BENEFITS

Each of the Revivo Anti-Hair Loss Shampoo and Lotion meets the nutritional needs of the scalp, and thanks to its formula enriched with vitamins and herbal extracts, it helps hair follicles nourish, moisturize, preserve oil balance, protect hair strands against damage and gently cleanse it.

Revivo Anti-Hair Loss Shampoo and Lotion; enriched with Procapil, vitamins and herbal extracts. Revivo Anti-Hair Loss Shampoo and Lotion; help to repair damaged hair strands.

Dermaroller microneedling opens micro channels in the skin and helps the necessary substances reach the problem areas and accelerate the absorption of the products used.

Massage comb helps the shampoo and lotion penetrate to the scalp more effectively. It allows the pores of the skin to open and helps the shampoo or lotion to be absorbed by the skin. It can be used at any time during the day regardless of whether it is used with shampoo and lotion.

See the product labels or the table of contents for all ingredients of Revivo Anti-Hair Loss Shampoo and Lotion.

USAGE

For the most effective result, it is recommended to use 4-stage Anti-Hair Loss Treatment Kit consisting of Revivo Anti-Hair Loss shampoo, lotion, dermaroller and massage comb.

1. Spray Revivo Dermaroller Cleanser, which is included in the care set, onto the dermaroller and let keep it for at least 5 minutes. After drying, apply your dermaroller to the clean scalp.

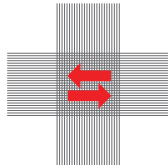

Warnings: Before and after each use, disinfect Revivo Dermaroller with Revivo Dermaroller Cleanser. Do not use other skin disinfectants.

USAGE (continued)

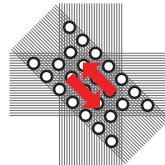

2. Clean the area where you will apply Dermaroller. Move the Dermaroller at right angle and slightly press it in the area 5 times, forward and backward in horizontal, vertical and oblique directions.

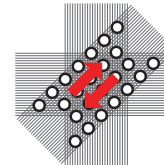

1st STEP

2st STEP

3st STEP

4st STEP

Warnings: It is not used in patients with diabetes, cancer, hemophilia, fungal infection, eczema, active acne, rosacea (a sun-triggered disease), psoriasis, in irritated skin, warts, and for women during pregnancy and lactation. Dermaroller is a personal product. Do not share it with someone else.

It is not recommended to use abrasive products such as vinegar, as it can damage dermaroller's needles.

During the period when you apply the Revivo Anti-Hair Loss Treatment Kit, apply your Dermaroller daily, and if your skin is irritated, you can apply it every two days.

USAGE (continued)

- 3.** After the application of Dermaroller, Revivo Anti-Hair Loss Lotion is applied once a day for the first 15 days, by gently massaging the hair roots with fingertips in a circular motion. Wait 2-4 hours after applying the product. It is recommended to be used every 2 days after 15 days.
- 4.** Wash with Revivo Anti-Hair Loss Shampoo: Apply a sufficient amount of shampoo to your wet hair by massaging with your fingertips. It is recommended to apply the shampoo twice for each wash. Following the second application leave the shampoo on and wait for 5 minutes then, rinse with plenty of water. It is formulated for daily use and all hair types.

Warnings: Revivo Anti-Hair Loss Shampoo and Lotion are used externally.

Store at room temperature. Do not expose your product to direct sunlight, protect from excessive heat. Avoid contact with the eyes, in case of contact with the product, rinse immediately with plenty of water.

Keep out of the reach of children. It should not be used for children under 3 years old.

It is not recommended for people who are sensitive to any ingredient in the product.
